Finding a teacher that perfectly fits your child's emotional and educational needs is a parent's dream. At Beatty, we want to collaborate with our families and find perfect fits for our kiddos. If you feel strongly about specific characteristics that a teacher must have to be able to push your child to reach their highest potential, please take a minute to describe this teacher. Administration will do their best to match your child with the description listed below to create a cohesive classroom.

In addition, please share any characteristics of your child that are important to consider as we work to place your child in the best learning environment for the 2023-2024 school year.

(Please note-This is not a teacher request form, it is a characteristic form. Teacher names will be ignored)
